

إِنَّ اللَّهَ وَمَلَائِكَتَهُ يُصَلُّونَ عَلَى النَّبِيِّ
يَا أَيُّهَا الَّذِينَ آمَنُوا صَلُّوا عَلَيْهِ وَسَلِّمُوا تَسْلِيمًا

*"The Lord and His angels send prayers upon
the Prophet:*

*O ye that believe! Send ye prayers upon him and
salute him with all respect"*

Hasan Ibn 'Ali Radhiyallahu 'Anhuma reported: "I inquired from my maternal Uncle Hind Ibn Abi Haalah Radhiyallahu 'Anhu about the noble features of Beloved **Prophet Muhammad (Peace & blessings be upon him)**

He had often described the noble features of Beloved **Prophet Muhammad (Peace & blessings be upon him)** in detail. I felt that I should hear from him personally, some of the noble features of Beloved **Prophet Muhammad (Peace & blessings be upon him)**, so that I could make his description a proof and testimony for myself and also memorise them, and if possible, try to emulate and adopt them. The uncle described the noble features by saying:

"He had great qualities and attributes in him, others also held him in high esteem.

Blessed Face

His Blessed face shone like the full moon.

He was slightly taller than a man of middle height, but shorter than a tall person.

His Blessed head was moderately large.

Beloved **Prophet Muhammad (Peace & blessings be upon him)** had a very luminous complexion and a wide forehead.

His Blessed cheeks were full of flesh.

The Blessed mouth of Beloved **Prophet Muhammad (Peace & blessings be upon him)** was moderately wide.

His Blessed teeth were thin and bright. The front teeth had a slight space between them

Blessed Hair

His Blessed hair was slightly curled. If his hair became parted naturally in the middle he left it so, otherwise he did not habitually make an effort to part his hair in the middle.

When the hair of Beloved **Prophet Muhammad (Peace & blessings be upon him)** was abundant, it used to pass over his ear-lobes.

The hair on his Blessed eye brows were fine and dense. Both eyebrows were separate and were not joined in the middle. The pupil of his Blessed eye was black.

Between the Blessed chest and navel there was a thin line of hair. Besides this line neither the chest nor the stomach had other hair on it.

Both sides, the Blessed shoulders and the upper portion of the chest had hair.

Blessed Nose

His Blessed nose was prominent and had a Noor (lustre) on it

Blessed Beard

His Blessed beard was full and dense.

Blessed Body

His Blessed neck was beautiful and thin, the colour of which was clear, shining and beautiful like silver.

All the parts of his Blessed body were of moderate size, and fully fleshed.

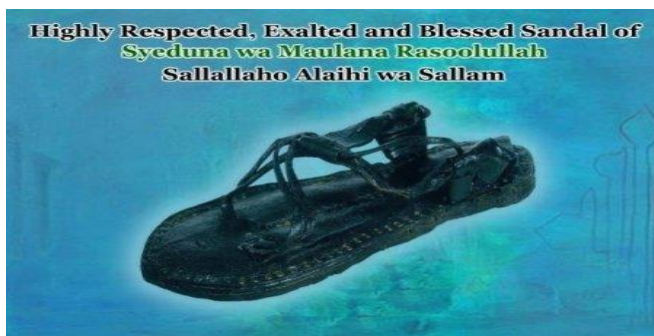

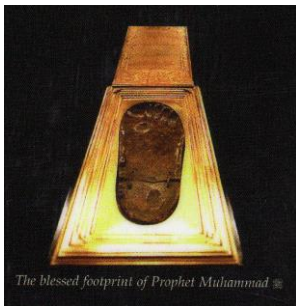

His Blessed body was proportionately jointed.

His Blessed chest and stomach were in line, but his chest was broad and wide.

The space between his Blessed shoulders was wide.
 The bones of his Blessed joints were strong and large.
 When he removed his clothing from any part of his blessed body, His body looked bright and had a lustre.
 His Blessed forearm was long and palms were wide.
 The Blessed palms and both feet were fully fleshed.
 The Blessed fingers and toes were moderately long.

Blessed Feet

The Blessed soles of his feet were a bit deep.
 His Blessed feet were smooth, because of their cleanliness and smoothness the water did not remain there but flowed away quickly.

Blessed Walk

When he walked, he lifted His Blessed legs with vigour, leaned slightly forward and placed his feet softly on the ground.
 He walked at a quick pace and took rather a long step. He did not take small steps.
 When he walked it seemed as if he was descending to a lower place.
 While walking he asked the Sahabah *Radhiyallahu 'Anhum* to walk in front, and he himself walked behind.

Blessed Character

When he looked at something he turned his whole body towards it.
 He always looked down. His sight was focused more to the ground than towards the sky.
 His modest habit was to look at something with a light eye i.e. he looked at a thing, with modesty and bashfulness, hence he did not stare at anything.
 He made salaam to whomsoever he met"
